SUBJECT

Furnishing explanations in ↔ regard to the discrepancies observed in the Administration Report of the Trust Board for the year 1910-1911.

t No.III appended to the Report, repre ted the actual amount of interest due according to the calculations made and entered in the Loan-Orders before granting loans, anticipating the punctual repayment of principal in fixed instalments. Most of the loan-holders were not punctual in their repayments and the interest in such cases accrued with the additional length of time they took to pay each instal--ment in addition to its being augmented in some cases by the recovery of the penal interest too A note as to the extra interest recovered over and above the originally --- calculated amount, in the Statement, would have made matters clear In future such additional interest will also be --- caused to be included in the amount of " interest due"

I have the honour to be,

Sir,

Your most obedient servant,

Chairman
